Move Well Healthy

7-Day Joint-Friendly Nutrition Planner

Simple meals for adults 50+ — protein, calcium & colour on every plate
FREE for channel subscribers

Print this planner, stick it on your fridge, and tick off each meal and glass of water as you go. Small steps, every day.

How to use this planner

Each day gives you a full day of simple, joint-friendly meals plus a water tracker. Eat at your usual times — the plan works around *your* routine. Tick the boxes as you finish each meal. Aim for progress, not perfection: 5 out of 7 good days is a win.

The 6 plate principles

> **1. Protein at every meal.** Eggs, chicken, fish, dal, beans, yogurt — protein helps maintain muscle that supports your joints.

> **2. Calcium every day.** A glass of milk, a bowl of yogurt, or leafy greens like spinach (palak) keep bones strong.

> **3. Colour on your plate.** Vegetables and fruit at lunch and dinner — the more colours, the better.

> **4. Healthy fats & nuts.** A small handful of almonds or walnuts most days; cook with modest oil.

> **5. Water first.** 6–8 glasses a day. Keep a bottle where you can see it.

> **6. Go easy on:** sugary drinks, deep-fried snacks, very salty processed foods, and alcohol.

Your 7 days

Day 1 — Monday

Breakfast	2 boiled eggs + 1 whole-wheat roti + 1 glass of milk
Lunch	Moong dal + 1 roti + mixed salad (cucumber, tomato, onion)
Snack	1 bowl of plain yogurt + 6 almonds
